Bridgeville, PA 15017
Phone: 412-276-9030

Patient Name:

Scheduling Procedure:

Physician Performing
Procedure:

Appointment:

Instruction: Nothing to eat or drink after midnight on _____. However, if your procedure is scheduled in the afternoon after 1PM, you may have a light breakfast 6 hrs prior to the procedure.

Diabetics should not take their insulin the morning of the procedure.

You may take your blood pressure medications the morning of the procedure with a little water if needed.

Important: If you are taking Coumadin or Eliquis please notify your Nephrologist and the Access Center regarding date to stop medication prior to procedure.

If you have an allergy to seafood or contrast dye, please notify us immediately at: **412-276-9030**. If you have such an allergy, premedication with prednisone prior to this procedure is required and will be prescribed.

You may be sedated for this procedure. You must have someone accompany you to this appointment.

After your procedure, you will remain in the post-op area until you are discharged to home.

You may require admission to the hospital in the event of medical need.

Please call us at: **412-276-9030** if you need to change this appointment date or time.

Thank you!
